# carpetface & audible

the  
**baboon shampoo**  
ep

out may 2009 itunes / 12" vinyl!

What stands out about this UK hiphop double-act, outside of an impressive range of vocal, dj, production, songwriting and instrumental skills, is the fresh yet classic feel of their music.

Transatlantic despite it's UK roots, their sound contains a healthy dose of surreal humour combined with the kind of old-school, funk-based, positive block-party vibes perfect for hiphop enthusiasts of all age-groups. At the centre of this mix lie infectiously catchy hooks and call-and-answer choruses laced with live mc'ing, human beatboxing, percussion and turntablism for maximum crowd involvement.

CARPETFACE & AUDIBLE have toured extensively, playing over 600 live sets in the last 5 years alone, with club, uni, festival and radio performances all over the world including all over the UK and a further 14 tours abroad covering both coasts of the USA, SPAIN, FRANCE, SWITZERLAND, GERMANY, POLAND, SOUTH AFRICA, GAMBIA, UGANDA and JAPAN.

Supporting a diverse range of major acts including UGLY DUCKLING, THE PHARCYDE, DJ FORMAT, THE FEELING, MR SCRUFF, BREAKESTRA, KAISER CHIEFS, THE VERVE, KT TUNSTALL, DJ YODA, SNOW PATROL, BLACK REBEL MOTORCYCLE CLUB, KEANE, FREESTYLERS, MASSIVE ATTACK and DIRTY SANCHEZ, the boys have been knocking audiences sideways with their cross-genre appeal and winning over an international audience in the process.
