NEWBIAS Records is proud to independently present to you
the debut single and album from our latest signing:

R.W. HEDGES

AA single CLARISSA / ABE'S DREAM
Released on ITUNES and limited edition CD
Monday 26th November 2007
Video directed by MTV's Jim Hickey (Dirty Sanchez / Gonzo)

"If I didn't know better, I'd swear this was an authentic 60's lost treasure. Great harmonies, flutes and 12-string guitars: we definitely like. The production by Carpetface is totally superb, which complements the high quality of the songwriting. Two moods are captured: 'Clarissa' is gentle while 'Abe's Dream' has more of an up-tempo and psychedelic feel. It gets even better: it was mastered by Keith Levene, original guitarist of Public Image Ltd."

The ALMANAC album is released on Monday 7th January 2008 on ITUNES and CD.
with an instrumental version of the album available on the same day as an ITUNES exclusive.

Produced by AJ Russell aka CARPETFACE at the Ruglab Studios, and mastered by Keith Levene (P.I.L.)
This project took the last 13 months to produce and we hope you enjoy it.

"ALMANAC has got to be one of the most commercial albums I've heard ever – radioplay will be like letting a virus out" – Keith Levene

"RW Hedges has one of the great rock and roll voices..and what makes a good rock and roll voice is that it's entirely unique, which RW Hedges is. Every vocal melody is good, also rare. The music's kind of liquid, really the best sort of orchestration. It's 2007 by way of 66-68. ALMANAC is as good as the Kink's "Village Green" or "Arthur," while also having more post-indie rock melancholy, and not sounding at all like retread. It's its own thing..Have a listen "
– Henry Baum (North of Sunset)
